

# STATEMENT OF CONFORMITY

BUREAU  
VERITAS

## VINCI AIRPORTS

12/14, rue Louis Blériot - CS 30071  
92506 Rueil-Malmaison Cedex

Has requested Bureau Veritas Exploitation to verify the adequacy of COVID-19 risk prevention protocol to the specific context of its activities in France, United Kingdom & Portugal

The assessment has been made by Health & Safety experts as well as air transport experts, with the support of the Scientific Committee set up by Bureau Veritas, and was based on:

- International Aviation & Health protocols and best practices
- National regulations applicable in France, United Kingdom and Portugal
- The Scientific Committee set up by Bureau Veritas

The assessment concluded that:

**Sanitary and Health / COVID-19 guidelines are adapted to provide effective control of the sanitary risks**

This certificate is issued to serve and assert of what is right.

Issued at Puteaux, August, 26th 2020

Bureau Veritas Exploitation

David CARLE

*The implementation and application in times of the system remains the responsibility of the company. The verification carried out by Bureau Veritas was documentary and made it possible to ensure the relevance of the protocol. It does not predict its real application in the field on all of the client's sites.*

*This statement speaks only to information reviewed on the date (s) of assessment and is subject to continuous and satisfactory implementation by Vinci Airports of measures meeting the requirements set forth.*

*This statement of conformity cannot replace any regulatory inspection report from the relevant Authorities or its delegates.*
